INDEPENDENT AUDITOR'S REPORT To the Board of Directors Deposit Insurance Corporation Legal Entity with Financial and Administrative Independence <u>Amman - Jordan</u>

Opinion

We have audited the financial statements of Deposit Insurance Corporation, Legal Entity with Financial and Administrative Independence, (the Corporation), which comprise the statement of financial position as at 31 December 2022, the statement of revenues and expenses, statement of changes in equity and statement of cash flows for the year ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Jordan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Corporation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exist. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exist, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Corporation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For and on behalf of Ernst & Young – Jordan.

(1) GENERAL

The Corporation was established on 17 September 2000 as a legal entity with financial and administrative independence by virtue of law number 33 for year 2000 and its amendments. The corporation aims to protect bank depositors by insuring their deposits under the provisions of this law, in order to encourage savings, promote confidence in the banking system and contribute to maintain banking and financial stability in the Kingdom. This is done by ensuring that depositors have access to their deposits in any bank to be liquidated within the limits set by the law, which aims in its entirety to compensate the depositors up to fifty thousand Jordanian Dinars. Moreover, to urge senior depositors to impose their own and additional supervision on banks alongside the ongoing monitoring carried out by the Central Bank of Jordan.

The following deposits are not subject to the provisions of law:

- Government deposits.
- Interbank deposits.
- Cash collaterals within the limits of the value of the extended facilities guaranteed by the said collaterals.

The Corporation only insures bank deposits in Jordanian Dinars with an amount not exceeding fifty thousand Jordanian Dinars per depositor per member bank. Member banks are represented in all Jordanian banks and the branches of foreign banks operation in the Kingdom, with expectation to the branches of Jordanian banks operating outside the Kingdom.

The Corporation shall as well insure bank deposits in any foreign currency that the Central Bank shall decide to make subject to the provisions of this law.

The Corporation sources of fund consist of the following:

- Annual membership fees paid by the banks to corporation.
- Return on investments of the Corporation's funds.
- Any loans obtained by the corporation in accordance with the provisions of this law.
- Any financial grants shall be given to the corporation with the approval of the Central Bank's Board of directors. In the event that these grants are provided by non Jordanian parties, the approval of the Council of Ministers must be obtained.
- Any refunds received by the corporation from liquidation proceedings or as a result of any of the procedures stipulated in Article No. (38 bis) of this law.

(2) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with International Financial Reporting Standards.

The financial statements have been prepared on a historical cost basis.

The financial statements are presented in Jordanian Dinar, which represents the functional currency of the corporation.

(3) CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2021 except for the adoption of new amendments on the standards effective as of 1 January 2022 shown below:

Reference to the Conceptual Framework – Amendments to IFRS 3

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements.

The Board also added an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 or IFRIC 21 Levies, if incurred separately.

At the same time, the Board decided to clarify existing guidance in IFRS 3 for contingent assets that would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements.

These amendments have no impact on the financial statements of the Corporation.

Property, Plant and Equipment: Proceeds before Intended Use - Amendments to IAS 16

In May 2020, the IASB issued Property, Plant and Equipment — Proceeds before Intended Use, which prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

These amendments have no impact on the financial statements of the Corporation.

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

These amendments have no impact on the financial statements of the Corporation.

IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued an amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to IFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

These amendments have no impact on the financial statements of the Corporation.

IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IFRS 9. The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received by the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

These amendments have no impact on the financial statements of the Corporation.

IAS 41 Agriculture – Taxation in fair value measurements

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued amendment to IAS 41 Agriculture. The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41.

These amendments have no impact on the financial statements of the Corporation.

(4) SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash in hand, bank balances.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position only when there is a legally enforceable right to set off the recognized amounts and intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation and any impairment in value. Land is not depreciated, property and equipment are depreciated when its ready to use on a straight-line basis over the estimated useful lives of the assets using the following depreciation rates.

	%
Buildings	3
Furniture and decorations	10-15
Vehicles	15
Tools, office, equipment and software	10-25

When the recoverable amount of any property and equipment is less than its net book value, its value is reduced to its recoverable value and the impairment value is recorded in the statement of comprehensive income.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are commensurate with the expected economic benefits from property and equipment

Fair value

For investments and derivatives quoted in an active market, fair value is determined by reference to quoted market prices.

For financial instruments where there is no active market, fair value is normally based on one of the following methods:

- Comparison with the current market value of a highly similar financial instrument.
- The expected cash flows discounted at current rates applicable for items with similar terms and risk characteristics.
- Options pricing models.

FINANCIAL ASSETS AT AMORTIZED COST

Financial assets are measured at amortized cost only if these assets are held within a business model whose objective is to hold the assets to collect their contractual cash flows.

Assets at amortized cost is recorded at cost upon purchase plus acquisition expenses, the premium/ discount (if any) is amortized by using the effective interest rate method records on the interest or for its account. Any provisions resulted from impairment in its value is deducted and any impairment in its value is recorded in the statement of revenues and expenses.

The amount of the impairment consists of the difference between the book value and present value of the expects future cash flows discounted at the original effective interest rate.

Financial reclassification from / to this item may be carried out in the case of an International Financial Reporting Provider (and in my case a Financial Reporting Provider) before the due date of registration as a result of the sale in the revenue and expenses statement in a separate item and disclosed in accordance with International Financial Reporting Standards in particular).

FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

- Equity investments that are not held for sale in the near future.
- These financial assets are initially measured at their fair value plus transaction costs. Subsequently, they are measured at fair value. Gains or losses arising on subsequent measurement of these equity investments including the change in fair value arising from nonmonetary assets in foreign currencies are recognized in other comprehensive income in the statement of changes in equity. The gain or loss on disposal of these asset are reclassified from fair value reserve to retained earnings and not through the statement of revenues and expenses.
- These financial assets are not subject to impairment testing.
- Dividend income is recognized in the statement of revenues and expenses.

Accounts payable

Liabilities are recognized for amounts to be paid in the future for services received, whether billed by the supplier or not.

Revenue recognition

The annual subscription fees from banks are recognized in the ratio of 1.75 per thousand of the total deposits which subject to the provision of law.

Other income is recognized according to the accrual basis.

Expenses are recognized according to the accrual basis.

Interest income is calculated on the accrual basis, based on the time periods due, the principal amounts and the interest earned rate.

Impairment of non-financial assets

The Corporation assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Corporation makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

End of service indemnity

The employees' end of service compensation expense is calculated as follows:

- One month's salary for each year of service for an employee whose service period in the corporation does not exceed five years.

- A salary of one and a half months for each year of service for an employee whose service period in the corporation exceeds five years and does not exceed ten years.

-A salary of two months for each year of service for an employee whose service period in the corporation exceeds ten years.

The Corporation shall pay the amount calculated during the year to the End of Service Compensation Fund.

Housing loans

The loan / housing finance is granted to build or buy housing inside the Kingdom at an interest rate 5% annually, and the loan and its interest must be paid within a period not exceeding thirty years from the date of granting it, provided that the employee's age does not exceed seventy years at the end of this period.

(5) SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Corporation's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts recognised in the financial statements and disclosure of contingent liabilities. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in future periods.

(6) FINANCING AND HOUSING LOANS GRANTED TO EMPLOYEES

Movement on financing and housing loans provided to employees during the year is as follows:

	31 December 2022 JD	31 December 2021 JD
Financing and loans balance at the beginning of the year The amount of financing and loans granted during the year Finance revenues Interest added on loan balances during the year The amount of financing and loan proceeds during the year	981,964 39,106 16,642 4,878 (109,088)	1,004,474 105,000 17,358 4,811 (149,679)
Financing and loans balances at the end of year	933,502	981,964
Housing financing and loans granted – short term	60,771	60,483
Housing financing and loan granted – long term	872,731	921,481
Financing and loans balances at the end of year	933,502	981,964

This item represents the value of the remaining balance of housing financing and loans granted to eighteen employees of the Corporation as in 31 December 2022 and 31 December 2021, loans were granted to employees with a first-class insurance mortgage guarantee for the Deposit Insurance Corporation in accordance with the provisions of Article 116-Paragraph (b) of administrative instructions for personnel affairs and amendments

* Projects in progress represent the rehabilitation project of the second floor of the institution at an estimated total cost of JD 537,901, which was launched in 2019 and due to the spread of the Covid-19 in 2021, the project was temporarily suspended, and it was completed in beginning of 2022.

(9) PAID-IN CAPITAL

This account represents non-refunds of JD 100,000 from each bank member of the Corporation. In addition to a payment from the Jordanian government of 1,000,000 dinars. It was subsequently decided on the basis of the amended Law of the Deposit Insurance Corporation No. 8 of 2019 to establish a deposit Insurance fund for Islamic banks, and it was decided that the Corporation would pay 150,000 dinars paid by the Corporation and deduct it out of the government's contribution to the Corporation's capital to 850,000 dinars.

(10) RESERVES

According to the requirements of the articles 18 and 19 of the Deposit Insurance Corporation law No. 33 for the year 2000 and its amendments, the corporation must:

- Act to from reserves for itself (amounting to 3% of the total deposits subject to the provisions of this law,) The Council of ministry may, based on the recommendation of the corporation's Board of Directors, decide to increase the set-limit for the corporation's reserves, If the corporation's reserves do not reach the set-limit within the period of ten years from the enforcement of this law, or if the corporation's reserves fall short of the set limit after having reached it, or if bank is to be liquidated before the corporation's reserve reach the set limit, the corporation's Board of Directors may increase the bank's annual membership fee for banks stipulated by the law.

- If the corporation reserves exceed the limit prescribed by law amounting to 3% of the total deposits subject to the provisions of this law, corporation's Board of Directors may lower the annual membership fee or exempt banks from paying the fee for one year or more as the circumstances require.

(11) MEMBERSHIP FEES

During the year, the corporation collected annual subscription fees from the banks at a rate of 1.75 per thousand of the total deposits subject to the provisions of the law, with the exception to the following deposits,

- Government deposits,
- Interbank deposits,
- Cash collaterals within the limits of the value of the extended facilities guaranteed by the said collaterals,
- Pursuant to the Corporation's Board of Directors decision number (11/2021) on 27 December 2021, the annual subscription fees paid by the banks to the corporation under the provision of paragraph (A) of article no. (12) of Deposit Insurance Corporation law have been continued to be collected by (1.75) per thousand of the total deposits subject to the provisions of the law.

Lawsuits against the corporation:

There are no cases brought against the Corporation as of 31 December 2022 and 31 December 2021.

(14) INCOME TAX

In accordance with the Deposit Insurance Corporation Act No. (33) of 2000 and its amendments, the corporation has been exempted from income tax, in accordance with Article (27) of the Act.

(15) RISK MANAGEMENT

Interest rate risk

The Corporation is exposed to interest rate risk on its assets interest bearing (e.g bank deposits).

The sensitivity of the statement of comprehensive income is the effect of the assumed changes in interest rates on the Corporation's profit for one year, based on the floating rate financial assets held at 31 December 2022 and 2021.

The corporation is not at risk of interest as all investments in the amortized cost and carry fixed interest rates.

Credit risk

This is the risk that other parties will fail to discharge their obligations to the corporation, the corporation is not exposed to credit risk as there are no customers' balances outstanding, the corporation holds its bank accounts with reputable banks.

Liquidity risk

The corporation limits its liquidity risk by ensuring bank facilities are available.

The table below summarizes the maturities of the corporation financial liabilities at 31 December 2022 and 2021, (undiscounted) based on contractual maturity and current interest rates.

	Less than	3 to 12	
	3 months	months	Total
	JD	JD	JD
31 December 2022			
Other current liabilities	34,501		34,501
Total	34,501		34,501
31 December 2021			
Other current liabilities	62,687		62,687
Total	62,687	-	62,687

(16) CAPITAL MANAGEMENT

The main objective of managing the corporation capital is to ensure that appropriate capital ratios are maintained in a way that supports the organization's activity and maximizes property rights.

The Corporation manages the capital structure and makes the necessary adjustments to it in light of changes in working conditions. The Corporation has not made any adjustments to the objectives, policies and procedures relating to capital structure during the current year and the previous year.

The items included in the capital structure are paid-up capital, reserves totaling JD 1,102,291,033 as of 31 December 2022 compared to 1,014,320,697 as of 31 December 2021.

The Corporation paid 150,000 dinars to the Deposit Insurance Fund for Islamic banks and was deducted from the government's contribution to the Corporation's capital to 850,000 dinars.

(17) STANDARDS ISSUED BUT NOT YET EFFECTIVE

The standards and interpretations that are issued but not yet effective, up to the date of issuance of the Corporation's financial statements are disclosed below. The Corporation intends to adopt these standards, if applicable, when they become effective.

IFRS 17 Insurance Contracts

In May 2017, the IASB issued IFRS 17 Insurance Contracts (IFRS 17), a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, IFRS 17 will replace IFRS 4 Insurance Contracts (IFRS 4) which was issued in 2005. IFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply. The overall objective of IFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in IFRS 4, which are largely based on grandfathering previous local accounting policies, IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of IFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach),
- A simplified approach (the premium allocation approach) mainly for short-duration contracts.

IFRS 17 is effective for reporting periods beginning on or after 1 January 2023 and must be applied retrospectively. Early application is permitted, provided the entity also applies IFRS 9 and IFRS 15 on or before the date it first applies IFRS 17. This standard is not applicable to the Corporation.

Amendments to IAS 1: Classification of Liabilities as Current or Non-current

In January 2020, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement.
- That a right to defer must exist at the end of the reporting period,
- That classification is unaffected by the likelihood that an entity will exercise its deferral right,
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024 and must be applied retrospectively. The Corporation is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

The amendments are not expected to have a material impact on the Corporation.

Definition of Accounting Estimates - Amendments to IAS 8

In February 2021, the IASB issued amendments to IAS 8, in which it introduces a definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed.

The amendments are not expected to have a material impact on the Corporation.

Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2

In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to IAS 1 are applicable for annual periods beginning on or after 1 January 2023 with earlier application permitted. Since the amendments to the Practice Statement 2 provide non-mandatory guidance on the application of the definition of material to accounting policy information, an effective date for these amendments is not necessary.

The Corporation is currently assessing the impact of the amendments to determine the impact they will have on the Corporation accounting policy disclosures.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to IAS 12

In May 2021, the Board issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Early adoption is permitted.

The Corporation is currently assessing the impact of the amendments to determine the impact they will have on the Corporation accounting policy disclosures.
